EDITOR'S PREFACE.

The fact that this little work has kept its place for about fifty years, proves that it has answered a general want; and it is with pleasure that I offer the present edition, in a carefully revised form, to learners and workers of knitting.

The additional Scale of Measurements will be found a useful guide to anyone who may be working with finer wool and pins—and consequently with more stitches—than the directions give.

Pins No. 14, Chambers' bell-gauge, and any wool about the thickness of Berlin fingering, are suitable for working these patterns.

E. M. C.
ADVERTISEMENT.

The chief object of this Assistant is to enable Teachers of Classes properly to explain the art of Knitting; for, however simple the art may seem, it has often been observed that little Teachers have a difficulty in expressing the meaning of their instructions to their pupils.

The Questions and Answers here
furnished, combined with exemplification in practice, will, it is hoped, tend to remove this difficulty.

The annexed scales of stockings and socks may be useful to knitters in general.
CONTENTS.

Questions on Knitting .......................................................... 9
Narrowing ............................................................................ 14
The Heel ................................................................................ 15
The Foot ................................................................................ 16
For a Stocking of eighty-five Stitches, second Size ................. 18

For a Stocking of ninety-nine Stitches, fourth Size ............... 21
For a Stocking of a hundred and nine Stitches, fifth Size .... 23
For a Stocking of a hundred and nine Stitches, Man’s Size .... 24
For a Stocking of a hundred and thirty-three Stitches, second man’s size, with needles and wool rather finer . . . . . . . . . . . . . 26
For a Sock of forty-nine Stitches, first Size . . 27
For a Sock of fifty-five Stitches, second Size . . 29
For a Sock of eighty-five Stitches in Scotch Fingering, Man’s size . . . . . . 30
Scale of Stockings and Socks . . . . . . 32
Questions on Knitting.

Q. What is the first thing you do in knitting a stocking?
A. I cast on the stitches.

Q. How do you cast on the stitches?
A. I take the worsted that is on the ball in the right hand, and twist it once round the little finger, pass it under the two next, and bring it over the fore-finger, and take the needle between the finger and thumb.

Q. What next?
A. I take the end of the worsted in the left hand, twist it round the little finger, bring it over the thumb and round the two fore-fingers, to form a loop.

Q. What do you do then?
A. I put the needle under the lower worsted of the loop, and bring it above that which goes over the fore-finger.

Q. What do you do with the worsted which is over the fore-finger of the right hand?
A. I pass it under the needle, bring the needle down through the loop, and draw the worsted in the left hand tight; which finishes the stitch.

Q. How many stitches do you cast on each needle for a stocking of seventy-three stitches to fit a child of five?
A. Twenty-four on two needles, and twenty-five on the third.*

* N.B. All the proportions in the following scales are for coarse worsted and large needles.
Q. Is there any reason for there being an odd stitch on one needle?
A. Yes: there must always be an odd stitch on one needle, for the seam.

Q. What do you do when you have cast on the stitches?
A. I begin to knit.

Q. How do you make the knitting stitch?
A. I put the needle through the stitch, turn the worsted over the needle, take up the worsted I turned over, and let off the under loop.

Q. How many rounds do you knit plain?
A. One.

Q. How do you fasten in the end of the worsted?
A. I knit it in with the three first stitches.
Q. What next?
A. I knit six rounds ribbed.
Q. Why do you knit six rounds ribbed?
A. To prevent the top of the stocking from curling.

Q. How do you form the ribs?
A. By knitting three stitches plain, and turning three.

Q. How do you make a *purl* stitch?
A. I bring the worsted before the needle, and instead of putting the needle over the upper worsted I put it under.

Q. What is the next thing you do?
A. I begin the seam.

Q. How do you make the seam?
A. By purling the stitch every second round.

Q. Which is the seam stitch?
A. The first stitch on the first needle.

Q. How many rounds must you have before you begin narrowing?
A. Eighty.
Q. How do you fasten on a fresh piece of worsted?

A. By reversing the ends upon each other, and knitting six stitches with the worsted thus doubled.

Q. If a stitch be dropped, and you do not discover it till you have gone one round, how do you take it up?

A. I take the stitch that is dropped with the right needle, and put it on the left; then take up the loop at the back, put it over the left needle, and cast the stitch over it.

Q. If the stitch has been dropped for many rounds, how do you take it up?

A. I take it up on a spare needle, pass the needle under the lowest loop, and cast the stitch over the loop, then take up the next loop as before, till they are all taken up.
Narrowing.

Q. How do you narrow?
A. I slip one, knit one, and pass the slipped stitch over the knitted one before the seam, and knit two together after the seam, leaving one stitch on each side between the seam and the narrowing.

Q. How many times do you narrow, to form the calf?
A. Eight times.

Q. How many rounds do you leave between the narrowings?
A. I narrow every third purl stitch, which leaves five rounds between.

Q. How many rounds do you make after the last narrowing before you begin the heel?
A. Thirty-six.
The Heel.*

Q. How do you begin the heel?
A. I divide the stitches in half, leaving the seam stitch for the middle of the heel.

Q. Do you knit the heel like the rest of the stocking?
A. No; I knit it in rows, and every row on the inside of the heel must be purl stitches.

Q. How long do you make the heel?
A. Twenty-four rows.

Q. How do you finish the heel?
A. I knit the nine middle stitches in rows, like the heel, taking up one of the others with the last stitch of every row till they are all taken off.

Q. How many needles do you use?

* If the heel or toe be required stronger than usual a finer worsted must be added in those parts.
A. Only two.
Q. How many stitches are there when the heel is finished?
A. Nine.

The Foot.

Q. How do you begin the foot?
A. By taking up the stitches at the sides of the heel on the second row.
Q. How many stitches do you take up for the foot?
A. Sixteen on each side of the heel.
Q. What do you do next?
A. I narrow every second round on each side of the instep till the number is even with the ankle.
Q. How many narrowings do you make?
A. Seven on each side.
Q. How many stitches will there be then?
A. Fifty-six.

Q. How many rounds do you make between the heel and toe narrowings?

A. Twenty-eight.

Q. How do you begin the toe?

A. By narrowing twice at each side, leaving two stitches only between; this decreases four stitches.

Q. How often do you narrow?

A. Twice, leaving three rounds between, twice leaving two, twice leaving one, then every round till I have sixteen stitches left.

Q. How do you finish?

A. I put the two needles that have the stitches on them together.

Q. What next?

A. I take a stitch from each, and knit them together. When two stitches are done in this way, I cast the first over the last, and so on till they are all taken off.
Q. How do you widen?
A. By knitting two stitches in the same loop.

For a Stocking of Eighty-five Stitches, Second Size.

Q. How many stitches do you cast on?
A. Twenty-eight on two needles, and twenty-nine on the third.

Q. How many rounds are there to the narrowings?
A. One hundred and ten.

Q. How many narrowings do you make?
A. Ten.

Q. How many rounds do you leave between each narrowing?
A. Four.

Q. How many rounds to the heel?
A. Forty.
Q. How many stitches for the heel?
A. Thirty-three.
Q. How many for the instep?
A. Thirty-two.
Q. How long is the heel?
A. Twenty-four rows.
Q. How many stitches do you take up for the foot?
A. Twenty on each side of the heel.
Q. How many narrowings for the foot?
A. Eight on each side.
Q. How long is the foot between the narrowings?
A. Thirty-two rounds.
For a Stocking of Ninety-one Stitches, Third Size.

Q. How many do you cast on?
A. Thirty on two needles, and thirty-one on the third.

Q. How many rounds are there to the narrowings?
A. One hundred and twenty.

Q. How many narrowings are there?
A. Twelve.

Q. How many rounds between the narrowings?
A. Four.

Q. How many rounds to the heel?
A. Forty.

Q. How many stitches for the heel?
A. Thirty-three.

Q. How many for the instep?
Q. How many stitches do you take up for the foot?
A. Twenty-one on each side of the heel.

Q. How many narrowings for the foot?
A. Eight on each side.

Q. How long is the heel?
A. Twenty-eight rows.

Q. How long is the foot between the narrowings?
A. Thirty-six rounds.

For a Stocking of Ninety-nine Stitches,
Fourth Size.

Q. How many do you cast on?
A. Thirty-three on each of the three needles.

Q. How many rounds are there to the narrowings?
A. One hundred and thirty-five.

Q. How many narrowings are there?
A. Thirteen.

Q. How many rounds between each narrowing?

A. Three.

Q. How many rounds to the heel?

A. Forty-four.

Q. How many stitches for the heel?

A. Thirty-seven.

Q. How many for the instep?

A. Thirty-six.

Q. How long is the heel?

A. Twenty-eight rows.

Q. How many stitches do you take up for the foot?

A. Twenty-two on each side of the heel.

Q. How many narrowings for the foot?

A. Nine on each side.

Q. How long is the foot between the narrowings?

A. Forty rounds.
For a Stocking of a Hundred and Nine Stitches, Fifth Size.

Q. How many do you cast on?
A. Thirty-six on two needles, and thirty-seven on the third.

Q. How many rounds to the narrowings?
A. One hundred and forty-eight.

Q. How many narrowings are there?
A. Fourteen.

Q. How many rounds to the heel?
A. Forty-six.

Q. How many rounds between each narrowing?
A. Three.

Q. How many stitches for the heel?
A. Forty-one.

Q. How many for the instep?
A. Forty.

Q. How long is the heel?
A. Thirty rows.
Q. How many stitches do you take up for the foot?
A. Twenty-five on each side of the heel.
Q. How many narrowings for the foot?
A. Nine on each side.
Q. How long is the foot between the narrowings?
A. Fifty-two.

For a Stocking of a Hundred and Nine Stitches in Scotch Fingering, Man's Size.

Q. How many do you cast on?
A. Thirty-six on two needles, and thirty-seven on the third.
Q. How many rounds to the narrowings?
A. One hundred and forty.
Q. How many narrowings are there?
A. Eighteen or twenty.
Q. How many rounds to the heel?
A. Sixty-two.
Q. How many stitches for the heel?
A. Forty-one.
Q. How many for the instep?
A. Forty.
Q. How long is the heel?
A. Thirty-two rows.
Q. How many stitches do you take up for the foot?
A. Twenty-five on each side of the heel.
Q. How many narrowings for the foot?
A. Nine on each side.
Q. How long is the foot between the narrowings?
A. Fifty-eight rounds.
Q. How do you narrow the toe for this sized stocking?
A. Twice leaving three rounds between, twice leaving two, four times leaving one, then every round till I have twenty stitches left.
For a Stocking of a Hundred and Thirty-three Stitches, Second Man's Size, with Needles and Wool rather finer.

Q. How many stitches do you cast on?
A. Forty-four on two needles, and forty-five on the third.

Q. How many turns to the narrowings?
A. One hundred and forty-eight.

Q. How many narrowings?
A. Twenty-one.

Q. How many rounds to the heel?
A. Eighty.

Q. How many stitches for the heel?
A. Forty-five.

Q. How many for the instep?
A. Forty-six.

Q. How long is the heel?
A. Forty rows.

Q. How many stitches do you take up for the foot?

A. Twenty-nine on each side.

Q. How many narrowings for the foot?

A. Ten on each side.

Q. How long is the foot between the narrowings?

A. Sixty-eight rounds.

For a Sock of Forty-nine Stitches, First Size, in Fine Wool.

Q. How many do you cast on?

A. Sixteen on two needles, and seventeen on the third.

Q. How many rounds of ribs do you make?
A. Twenty.
Q. How many rounds after this to the heel?
A. Twenty-six.
Q. How many stitches for the heel?
A. Twenty-five.
Q. How many for the instep?
A. Twenty-four.
Q. How long is the heel?
A. Twenty rows.
Q. How many stitches do you take up for the foot?
A. Fourteen on each side of the heel.
Q. How many narrowings for the foot?
A. Six on each side.
Q. How long is the foot between the narrowings?
A. Twenty rounds.
For a Sock of Fifty-five Stitches, Second Size. In Scotch Wheeling this fits a boy of fifteen.

Q. How many stitches do you cast on?
A. Eighteen on two needles, and nineteen on the third.

Q. How many turns to the heel after the ribbing?
A. Sixty.

Q. How many stitches for the heel?
A. Twenty-nine.

Q. How many for the instep?
A. Twenty-six.

Q. How long is the heel?
A. Twenty-four rows.

Q. How many stitches do you take up for the heel?
A. Eighteen on each side of the heel.

Q. How many narrowings for the foot?
A. Eight on each side.

Q. How long is the foot between the narrowings?

A. Forty rounds.

---

For a Sock of Eighty-five Stitches in Man's Size.

Q. How many do you cast on?

A. Twenty-eight on two needles, and twenty-nine on the third.

Q. How many rounds to the heel?

A. Sixty-eight.

Q. How many stitches for the heel?

A. Forty-three.

Q. How many for the instep?

A. Forty-two.

Q. How long is the heel?
A. Twenty-eight rows.
Q. How many stitches do you take up for the foot?
A. Twenty-five on each side of the heel.
Q. How many narrowings for the foot?
A. Nine on each side.
Q. How long is the foot between the narrowings?
A. Fifty-six rounds.
