COMMISSION.

VICTORIA R.

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith. To our Trusty and Well-beloved Thomas Aiskew Larcom and William E. Delves Broughton, Esquires, Captains in our Corps of Engineers, and Charles Sharman Crawford, Esquire, greeting: Whereas We have thought it expedient that a Commission should forthwith issue for the purpose of inquiring and reporting what alterations may be beneficially made in the Number and Boundaries of Poor Law Unions and Electoral Divisions in that part of Our United Kingdom of Great Britain and Ireland called Ireland, having due regard to the extent, population, and valuation of such Unions and Electoral Divisions respectively.

Now know ye that We, being well satisfied of your zeal, ability, and fitness for the said office, have authorized and appointed, and do by these presents authorize and appoint you the said Thomas Aiskew Larcom, William E. Delves Broughton, and Charles Sharman Crawford, to be our Commissioners for the purposes aforesaid. And We do hereby give and grant to you, or any two of you, full power and authority to call before you such of the Guardians of the said Unions, and all such other persons as you may judge likely to afford you any information upon the subject of this inquiry, and to inquire of and concerning the premises by all other lawful ways and means whatsoever.

And we do by these Presents Will and Ordain that this Our Commission shall continue in full force and virtue, and that you Our said Commissioners, or any two of you, may from time to time proceed in the execution thereof, and of every matter and thing therein contained, although the same be not continued from time to time by adjournment.

And our further Will and Pleasure is that you our said Commissioners, upon due inquiry into the premises, do report to Us in writing, under your hands and seals, your several proceedings under and by virtue of this our Commission, together with what you shall find touching or concerning the premises. And We further authorize and empower you to report to Us your proceedings under this Commission from time to time, should you judge it expedient so to do.

Given at Our Court at St. James's, the Seventeenth Day of March, 1848,
in the Eleventh Year of Our Reign.

SIR,

In fulfilment of our letter of the 30th ult., we beg to transmit herewith a Second Report, containing the details of our proposed re-arrangement of the districts therein alluded to.

We beg to add, that we have confined this Report to a very small number of Unions, in compliance with the wish of the Poor Law Commissioners that it should contain only such as are definitely arranged on this date ; but on the 29th instant, a larger number will be complete, which we shall also transmit as a Third Report. Hoping these may be in time for the approaching half-yearly period,

We have, &c.,

REPORT.

TO THE QUEEN'S MOST EXCELLENT MAJESTY.

*Poor Law Boundary Commission Office,
Custom House,
Dublin, 10th Sept., 1849. }*

SINCE we had the honour, in February last, to lay before Your Majesty our First Report, containing the general opinions we had formed, and the conclusions at which we had arrived, in regard to the alterations which may beneficially be made in the boundaries of Poor Law Unions and Electoral Divisions in Ireland, we have been sedulously engaged in revising the present boundaries, on the principles laid down in that Report; and beg to detail the progress we have subsequently made.

As an example of the course we proposed to follow, we annexed to our First Report a provisional Schedule of the changes we thought desirable in the Union of Ballina, as regards the reduction of extent, both in Unions and Electoral Divisions; bringing the former, as nearly as is now practicable, to a size which should leave no part of the country more than seven miles from a workhouse, and reducing the latter to an area which should allow the exertions of all parties to be beneficially applied and felt; while, instead of bounding them by arbitrary lines, we endeavoured to compose them of single properties, or groups of properties, in order that the stimulus of individual interest might not be extinguished, but exerted for the improvement of the country and the condition of the people.

On this principle we have completed the preliminary arrangement of the Electoral Divisions comprised in the Unions in the annexed list. *See List annexed.*

The Session of Parliament having now closed, and the Committees of both Houses, appointed for inquiring into the Irish Poor Law, having recommended the adoption of the principles announced by us, we were proceeding, in accordance with the instructions of Your Majesty's Government, to make known in the country the several changes we propose, in order to collect the opinions of parties interested, and consider the objections and representations which may be made.

It was then our intention to have reported finally upon the Unions and Electoral Divisions by provinces and counties; but we were informed by the Poor Law Commissioners, under date 21st ultimo, that they are desirous of carrying into effect these changes in as many Unions as may be finally reported on by us on this day, preparatory to the 29th instant, when the accounts of the several Unions are made up for audit, and when, consequently, the adjustment of the liabilities of parts of Unions to be detached may be settled without the order of a Special Audit; and we are therefore induced at once to lay before your Majesty those in the present Unions of Ballina and Skibbereen, where it will be seen that we propose to divide 2 Unions and 29 Electoral Divisions into 5 Unions with 77 Electoral Divisions. And we hope, before the 29th instant, to have finally decided several others of those, the schedules of which are now circulated in the country for the information of parties interested. These will constitute a Third Report; and we trust, in a series of such Reports, to lay the whole rapidly before Your Majesty.

annexed of—
